OLDEST CHICAGO THEATRE.
Academy of Music Destroyed by Fire
Early Today.

CHICAGO, Feb. 12.—The Academy of Music, Chicago's oldest theatre, located in the center of the west side, was destroyed by fire early today with loss of \$175,000. It was a four-story structure erected in 1870 and was the only theatre not ruined in the great fire of 1871.

The post-remedial hair loss has been there is no short cut to it.

VAN DYKE MAKES
PROTEST TO WILSON

Says German Interferes With His Duties as Minister—Letters Held Up.

THE HAGUE, via London, Feb. 12.—Dr. Henry Van Dyke, the United States minister to The Hague and also to the Grand Duchy of Luxembourg, said yesterday that he had appealed to the government at Washington to protest against German interference with his duties as minister to Luxembourg. He said that his diplomatic communications with Luxembourg have been cut off by the German military commander at Trier (Treves), who had refused to permit his letters to pass because they were sealed with the seal of the American legation.

Dr. Van Dyke has been trying for four days, through the friendly medium of the German minister at The Hague, to obtain an explanation from Berlin of what he considers an invasion of his diplomatic privileges, but no answer has come from the German capital.

"That statement of facts is correct," said Dr. Van Dyke. "The action of the German commander at Trier may have been a mistake of ignorance, but it must be explained and apologized for."

Luxembourg is a very small country of 25,000 inhabitants, but the peaceful duties with which the American government has charged me to ward that country are just as sacred as if it were a hundred times as big. "It was the first of the neutral countries to be invaded and appears to be threatened with a failure of the food supply."

I cannot consent to interference with my duties toward Luxembourg by any power in the world except that which conferred them upon me, namely, the government at Washington."

WASHINGTON, Feb. 12.—The United States has sent an inquiry to Germany on the complaint of American Minister Van Dyke at The Hague that German military commanders were interfering with his diplomatic communication with Luxembourg. Secretary Bryan so announced today. A report that some of his mail had been held up by German military authorities reached the state department from Dr. Van Dyke last night. Secretary Bryan said that Ambassador Gerard at Berlin had been instructed to make representation to the German foreign office.

SCHOLARSHIP QUESTION UP.
(Continued from Page 1.)

March meeting than at a special meeting. It is understood that a substantial majority of the members from the counties of Caledonia, Lamoille, Orleans, Windham and Windsor are in favor of the passage of the bill. Grand Isle county is said to be three to two against it.

The joint resolution providing for a joint committee to investigate the necessity for additional room or buildings for the state library, supreme court and collection of the Vermont Historical society has been reported favorably by the committee on public buildings.

Mr. Wilson of Chelsea has sent to each woman in his home town a postcard asking the question whether they are in favor of equal suffrage or not. Replies have been received from 254; 163 of these did not desire the ballot, 91 were in favor of it. Of these 91, 39 are taxpayers; of the 163, 79 are taxpayers. When the equal suffrage bill, which had been made a special order for next Tuesday afternoon, was called up yesterday afternoon by Senator Brown of Windsor an amendment was offered by Senator Powell, who is opposed to the bill, providing for a referendum vote at the March meeting in 1916. Senator Shaw of Chittenden opposed the amendment as did Senator Seavey of Orleans, who said he thought its purpose was to kill the bill. Senator Simonds of Caledonia favored the bill and opposed the amendment. He said he had yet to hear a valid argument against equal suffrage, that it was stated that the women of Vermont did not want suffrage the same thing was true of 40 per cent of the men, as that percentage did not exceed it. He said he did not want a referendum delay until 1916. Senator Carver of Washington supported Senator Simonds and said it was not a question whether a majority of the women wanted the ballot, but whether there was any real argument against it. Senator Divoll was opposed to the referendum, because the question would be referred, not to the interested parties, the women, but to the men. The amendment was finally refused and the bill ordered to a third reading by a vote of 29 to 9. An attempt was made to suspend the rules and place the bill upon its passage which requires a three-fourths vote and which was refused by a vote of 18 to 10. The bill will have its third reading this afternoon in the senate and it is thought that it will have little difficulty in getting through the house.

The final hearing on the education bill will be held Tuesday evening, Feb. 16, at 7:30 o'clock, at which the opponents of the bill will be given a hearing. On Friday evening, Feb. 19, a hearing will be held at the same place and hour, at which all matters pertaining to the normal schools and colleges of the state will be discussed.

Bills have been introduced by Mr. Butterfield of Westminster providing for a commission of three to formulate a uniform system of blank forms for deeds and mortgages; and two by the joint commission of game and fish-eries relating to the game laws. These are introduced as substitutes for other fish and game bills, and combine the desirable provisions of the latter from the standpoint of the committee.

One of these latter bills provides for an open season for deer with horns not less than three inches long from Nov. 15 to Dec. 5, inclusive, Sundays excepted, and allowing any wild deer which would include does and fawns as well as bucks to be taken during the open season of 1915. An open season for otter is provided from Nov. 1 to May 1; for marten, raccoon, fisher and skunk from Oct. 20 to April 1.

FIRE IN NORTH SPRINGFIELD.
General Store and Postoffice Destroyed
Yesterday.

SPRINGFIELD, Feb. 12.—The gen-
eral store of William Fuller at North
Springfield, in which was located the
postoffice, together with its contents,
was totally destroyed by fire early yes-
terday morning. The loss is estimated
at about \$5000 and Mr. Fuller carried
\$3000 insurance.

The fire was discovered about 2
o'clock by a person passing who saw
smoke coming from a window. The
fire originated from some unknown
cause in the basement of the building.
The building was over 100 years old
and was used as a dwelling house for
many years. About 80 years ago it
was remodeled into a store and was
used as such by the late Abner Field,
father of E. G. Field. The latter car-
ried on a mercantile business in the
building and sold out to Mr. Fuller.

The W. H. H. Slack hose company,
with a mishap in going to the
fire, the steamer tipping over. The
firemen by the hardest kind of work
and the assistance of a bucket brigade
saved the valuable residence of E. G.
Field nearby which was several times
endangered by sparks.

Mr. Fuller has made plans to re-
construct his business and has secured
new quarters for the postoffice in
the home of S. H. Fuller.

gle for True Religion will be the sub-
ject of the stereopticon lecture in the
Centric Congregational church Sunday
evening at 7:30 o'clock. This lecture
covers practically the whole of the
thrilling story, following the prophet
to Samaria, the Cherith valley, old
Jerusalem, the banks of the Jordan,
the heights of Moab. This will be the
last lecture in the Old Testament clas-
sical series and promises to be as fine as
those which have preceded it. Fifty
slides illustrate the manuscript. Ev-

Benjamin M. Twitchell, 83, for many
years a builder and carpenter in Athol,
died at his home Wednesday night af-
ter a long illness. Mr. Twitchell was
born in Athol, July 21, 1831, a son of
Mr. and Mrs. Benjamin M. Twitchell.
His father was a captain in the war of
1812. Mr. Twitchell enlisted August 6,
1862. He celebrated his 50th wedding
anniversary in 1913. He leaves a wife
and one sister, Mrs. Martha A.
(Twitchell) King, wife of Justin L.
King of West Brattleboro, four sons,
Dr. Charles of Warren, Bennie A. of
Presidence, R. L. James V. and Mar-
shall C., both of Athol. The funeral
will be held tomorrow afternoon at 2
o'clock at the house. Rev. Charles O.
Eames of the Congregational church
will officiate.

The Philippine Islands will be the
subject of the stereopticon lecture by
Rev. D. E. Trout in the Universalist
church Sunday at 7:30 p. m. The slides
will give glimpses of Manila's streets,
churches, comfortable homes, up-to-date
schools and other interesting build-
ings and places. The lecture will deal
with the occupation of the people, like
the rice industry, husking cocoanuts, etc.
There will be scenes in some of the
unfrequented and unfamiliar islands,
where there still exists the weird na-
tive life. The lecture and views give
an adequate idea of people from the
lost savage tribe of dwarfs called Ne-
gritos, to the educated and christian
inhabitants, and a splendid opportunity
is presented to acquaint oneself with
these people and islands, which today
are so much in the public eye. The
public is welcome.
